

TRANSPORTATION PLANNING INTERN
\$12.342 per hour

The Port of Long Beach is presently seeking a Planning Intern to assist the Managers of Transportation Planning and Master Planning in the Planning Division. Duties will include:

- Assisting in the review and preparation of traffic and land use studies for Port facilities
- Assisting in the review and analysis of regional issues such as port-related freeway congestion and the distribution and operation of warehouses
- Developing databases, including data collection (such as traffic counts and cargo volume)
- Analyzing regulatory and legislative issues
- Other appropriate duties as may be necessary.

REQUIREMENTS:

Enrollment in an accredited college or university with at least senior standing. A major in Civil Engineering with emphasis in Transportation Planning/Engineering, or Urban and Regional Planning or related field is preferred. Familiarity with traffic engineering and transportation engineering/planning principles and methodologies (including computer software applications) is desired. The applicant should also possess a valid California drivers license.

HOURS:

Minimum of 20 hours per week. Appointments are for a maximum 9 months.

TO APPLY:

Send a typewritten resume by August 25, 2003.

Mr. Kerry Cartwright, P.E.
